when i was a young boy, i thought i had that touch

now im a man and I got me one
now ima playin'
playin' son of a gun

they call me Johnny Guitar
yeah they call me Johnny Guitar
they call me Johnny Guitar
I come to play in your town

Gonna Play some Blues
Gonna play some Rock n' Roll
try to set over the pretty girl soul
gonna play some slow
gonna play some fast
gonna have a bawl long as it last

they call me Johnny Guitar
yeah they call me Johnny Guitar

they call me Johnny Guitar
I come to play in your town

(amazing Guitar solo part)

if you have a girl held close to you
but you better get her before i do
we gonna have some fun all day trough
I play my guitar especially just for you

they call me Johnny Guitar
they call me Johnny Guitar
they call me Johnny Guitar
I come to play in your town

they call me Johnny Guitar
they call me Johnny Guitar
they call me Johnny Guitar
I come to play in your town.
