You don't have to be a jockey or a groupie  
You don't have to be on speed or taken down  
Makes no difference, I am told, if you're young or if  
you're old  
Just have to think that I'm the coolest thing around

Keep a-rocking and a-rolling, don't ever settle down  
Keep my records playing all the time  
Spend your money on my concerts every time I come to  
town  
And baby you can be a friend of mine

I don't care if you're a Christian or a Buddhist  
It don't matter if you're yellow, black or white  
Just turn on your radio, call up your favorite DJ show  
And request my records every night

Keep a-rocking and a-rolling, don't ever settle down  
Keep my records playing all the time  
Spend your money on my concerts every time I come to  
town  
And baby you can be a friend of mine

Ah-oooh!

[Instrumental]

Everybody's supposed to love their neighbor  
Yeah neighbors they been all the same to me  
Well if your scene is real, come on just make a deal  
Neighbor, I love you if you'll love me!

Keep a-rocking and a-rolling, don't ever settle down  
Keep my records playing all the time  
Spend your money on my concerts every time I come to  
town  
And baby you can be a friend of mine

Yes, baby you can be a friend of mine!
