Well, I heard about you today  
I'm in love back again  
Well, I heard about you today  
I'm in love back again

Well, I go 'round the world to let you sugar  
Make you sweet as a any man  
I get my sugar in the mornin' and I give it out at night  
I get my sugar in the mornin', dispense it late at night

What a way to get my lovin'  
Don't you just love to hear me right?  
Let it on, what I crave

Ooh, let it, let it  
Yeah, no man would've run with that  
Yeah, yeah, yeah, yeah

Let it run, get it on, what I crave  
Let it run, let it run, get it on, what I crave  
Need your man to be a man  
Like your good man that way, yeah

Yeah, yeah, what I crave on  
That's it
