If there ever was,  
a good time to start,  
this off, then I'm off

The circle of trust,  
believe what I saw,  
was real,  
how you feel.

Do you remember the time,  
when I loved you way more,  
than you could handle.

Now you never now, how to feel,  
I will let you down, being ill,  
better run away, and be gone, gone forever.

Go travel the world, here at night,  
on a dirty road, or a high,  
with the speed of light, better you're,  
gone forever.

The man on the bus,  
scream out in need,  
of love and affection.  
A woman tries to give him a hug,  
there's a gun in his hand,  
black death in his eyes.

You will never now, how to feel,  
I will let you down, being ill,  
better run away, and be gone, gone forever.

Go travel the world, here at night,  
on a dirty road, or a high,  
with the speed of light, better you're,  
gone forever.

If there ever was,  
a circle of trust.

Now you never now, how to feel,  
I will let you down, being ill,  
better run away, and be gone, gone forever.

Go travel the world, here at night,  
on a dirty road, or a high,  
with the speed of light, better you're,  
gone forever.

Gone forever.

Gone forever.
