[Johnta Austin: singing]
Oooh Oh [x4]

[Talking:]
How many people know about
That, that in the middle of the night love
You know, brown folks know what I'm talkin about

[Jermaine Durpi: talking]
Yall know what this is
So So Def

[Verse 1:]
Ooh it's midnight
And I'm tappin you on the shoulder
I just got home from work
And I wanna do you know what (hey)
Yea it's 12:02
And I'm slidin up under the covers
I'm leavin on my socks
Cause I got my mind on lovin you

[Pre Chorus:]
Don't understand enough
How we feel about
Now you know
When I get like this somethin is gonna happen
And you have the means to make me feel
Like I'm welcome you got a lot
But as sweet as candy
I don't ever wanna stop baby

[Chorus:]
Give me just (a little more kissin)
Baby would you give me just (a little more feelin)
Oh give me just a little more love (baby)
Give me just (a little more touchin)
Baby would you give me just (a little more rubbin)
Oh give me just a little more love

[Verse 2:]

It's so special (when you come alive)
It's so special (when you get it right)
Ooh it's so special (when you call my name)
Mean what you say
It don't take ya long to get in the groove of thangs
To get in the move of thangs
That you like and I like
Lord, it only takes one touch
To get you to do the thangs that I love so much
Baby I'm a sucker for you

[Pre Chorus:]

Don't understand enough
How we feel about
Now you know
When I get like this somethin is gonna happen
And you have the means to make me feel like I'm
welcome
You got it a lot
But as sweet as candy
I don't ever wanna stop baby

[Chorus: x2]

Give me just (a little more kissin)
Baby would you give me just (a little more feelin)
Oh give me just a little more love (baby)
Give me just (a little more touchin)
Baby would you give me just (a little more rubbin)
Oh give me just a little more love
