Is There Anybody Out There Feelin This Way?  
Is There Anybody Out There Feelin This Way?

I Think Of Love Is What Everybody Wants  
And That's What I Believe That I'm Ready, Ready To  
Have  
Unlike Some Who Haven't Met The One  
I'm So Sure That I Can Feel The Winner In My Grasp

I Think She's Got It  
I Think She's Got All Of The Things I've Always Wanted  
In A Girl  
I Can See It (Whatcha See?)  
And I Can See Myself Completely Lost Inside Her World  
I Think She's Over The Top  
With Her Looks And The Way She Talks And The Way  
She Loves  
And I Just Need To Know  
How Do I Make Her The One?

Cause She's Not The Avenge Girl  
She Offers So Much More  
Forget Another Level  
She's On Another Floor  
And If I Ever Get Her I Would Be Selfish And Never Let  
Her Go  
She Tells Me That I'm The One That She Wants  
And I Think That It's A Dream That I'm The One That She  
Wants  
And I'm So Proud To Be The One That She Wants  
Cause She's What I Want  
And I Think She's Got...

I Think She's Got It  
I Think She's Got All Of The Things I've Always Wanted  
In A Girl  
I Can See It (Whatcha See?)  
And I Can See Myself Completely Lost Inside Her World  
I Think She's Over The Top  
With Her Looks And The Way She Talks And The Way  
She Loves

And I Just Need To Know  
How Do I Make Her The One?

Now Some Folks May Say That I'm Not Ready For Love  
But I'm Not Afraid Because I Know What I'm Feelin  
It's Real And I Can't Help It Cause She Speaks To Me  
Like Nobody Has  
She Knows Just What To Say  
She Is The One  
I Want To Stay (My Baby)

I Think She's Got It  
I Think She's Got All Of The Things I've Always Wanted  
In My Girl  
I Can See It (Whatcha See?)  
And I Can See Myself Completely Lost Inside Her World  
I Think She's Over The Top  
With Her Looks And The Way She Talks And The Way

Said I Just Need To Know How Do I Make Her The One
