Here we are, you and me  
Love is sealed can't you see  
Just for us, no one else  
At least that's the way it feels  
And I'm grateful to be in your arms this evening  
I was unsure, but now you got me believing  
That time is what you make of it  
And love comes first  
And I've waited for so long just to say these words

I want this life, I want this love  
I want this kiss, I want this hug  
I want this time, I want this night  
I want you here by my side  
I want every little thing that makes my heart sing  
And everything you try just to make it right  
If I'm being honest baby you got all that I need  
It's true you got a hold on me

There's no other place that I would rather be right now  
And the look on my face is what happiness is all about  
Feelings come, feelings go  
But what we have lasts forever  
There's a lot that I don't know  
But I know when we're together  
That time is what we make of it  
And love comes first  
And I've waited for so long just to say these words

I want this life, I want this love  
I want this kiss, I want this hug  
I want this time, I want this night  
I want you here by my side  
I want every little thing that makes my heart sing  
And everything you try just to make it right  
If I'm being honest baby you got all that I need  
It's true you got a hold on me

I'll be around no matter what my baby  
And if I let you down I'll pick you up my baby  
I wanna be your everything

And if you ever doubt my baby  
Then let this kiss be your evident  
That this was me

I want this life, I want this love  
I want this kiss, I want this hug  
I want this time, I want this night  
I want you here by my side  
I want every little thing that makes my heart sing  
And everything you try just to make it right  
If I'm being honest baby you got all that I need  
It's true you got a hold on me

I want this life, I want this love  
I want this kiss, I want this hug  
I want this time, I want this night  
I want you here by my side  
I want every little thing that makes my heart sing  
And everything you try just to make it right  
If I'm being honest baby you got all that I need  
It's true you got a hold on me
