17 minutes...

17 minutes...

17 minutes that's all it's been,
But it feels like a lifetime has passed me by
The room keeps spinnin even though I'm still sittin
And my heart just caught fire
And with every tear, the flames keep on growin
And my soul is melting down

It's been 17 minutes since my life started over without
you (over without you)
And my pride tries to lie, but my hearts too empty
without you (empty without you)
Don't want the world, just want the life
That I had 18 minutes ago
But all I got is 17 minutes
Yeah all I got is 17 minutes

17 minutes, I keep pretending this is all a bad dream
And you will be waiting, for me to wake up
So we can get back to the business of you loving me
But I'm afraid it ain't so, and I'm here alone
And this is my reality

It's been 17 minutes since my life started over without
you (over without you)
And my pride tries to lie, but my hearts too empty
without you (empty without you)
Don't want the world, just want the life
That I had 18 minutes ago
But all I got is 17 minutes, and that's all my eyes can
see
17 minutes, the clock keeps ticking without you
17 minutes, life is getting away from me
17 minutes, how will I feel the 16, 15, 14, 13

It's been 17 minutes since my life started over without
you (over without you)
And my pride tries to lie, but my hearts too empty
without you
Don't want the world, just want the life
That I had 18 minutes ago

But all I got is 17 minutes
Yeah all I got is 17 minutes (Oooh)
But all I got is 17 minutes
