(verse 1 Luda)

one day i love you, tha next i cant stand you
uh its to much fo me ta handle
i made my mind up, thinkin im on tha right track
so then i leave you, but then come right back
n i dont like that, i sware im so confussed
dont know what i want, o whats tha right thang ta do
but tha right thang is you, your my destiny
even at my worst, you still bringin out tha best in me
but then you testing me, no how ta push my buttons
fussing, fightin, yaaa we always gettin inta sumtin
so mad i make ya cry, then we make love
a neva endin cycle
make up ta break up, its time ta wake up
i need ta smell tha coffee
play wit these otha women, or get em all off me
and you wonder why ur man dont jus dough you
cant live wit ya, cant live wit out ya

(chours)

i cant live wit ya, (cant live wit out chu)
i said i cant live wit cha (cant live wit out chu) (ohhh)
i cant live wit ya (cant live wit out chu)
ohhh tha one thang that i know
is i cant seem ta let u (gooo)
you drive me ta tha point of walkin out tha (door)
and then i find myself coming back fo (more)
i dont know what ta do
cuz i cant live wit ya, cant live wit out chu

(verse 2, Johnta Austin)

when tha going gets tuff and tha fightin be ruff
and suppost ta call it hood but i guess we call it love
i be askin fo ya touch n i dont give u my trust
first i hate you with a passion, then i cant need u
enough
i be, want ta spend my whole life wit chu
n i be, talkin bout how me n you we do
n my mind says yes but my heart says no

n my mind says walk but my feet wont go away
see i be tellin u ta go, but deep inside i want chu ta stay
you know how ta make me smile but at times you ruin
my day
we gotta get it better, gotta get it together
and you wonder why your gurl dont jus start u
i cant live wit u, cant live wit out chu

(chours)
i cant live wit ya, (cant live wit out chu)
i said i cant live wit cha (cant live wit out chu) (ohhh)
i cant live wit ya (cant live wit out chu)
ohhh tha one thang that i know
is i cant seem ta let u (gooo)
you drive me ta tha point of walkin out tha (door)
and then i find myself coming back fo (more)
i dont know what ta do
cuz i cant live wit ya, cant live wit out chu
