Hearing me is not enough  
Know you want me there instead  
What if I came through your speaker  
What if I was in your bed..  
Rubbing on your back and whisperin'Â'  
Girl I know you'Â're in the mood  
Baby makin'Â' music

For me to soothe it and move it  
And show you how I do it  
I know you have desires  
And I can be your fantasy..  
If you like  
I can do it to you sweet or nasty tonight  
So baby

Close your eyes  
When you look at me  
And imagine me however you want to think of me  
Just like I was made in your dreams  
And you get on top of me  
When you want me next to you  
Girl all you got to do is  
Close your eyes  
When you look at me  
Don'Â't it feel like the real thing  
Don'Â't it make you want to scream  
Girl you know you want to kiss and hold and touchin'Â'  
All your body tonight  
When you want me next to you  
Girl all you got to do is  
Close your eyes

I know you played the scene  
Over and over again in your head  
Well girl I swear  
Let me in and I'Â'm gon'Â' break it off  
Break it off tonight girl  
Flight 10-45 gon'Â' be taking off  
So just let the lights stay on  
While I'Â'm kissin'Â' on your body

I can't wait to get my mouth on your pretty little..

Honey if you want to (you want to)  
Way I want to (oh)  
Then all you got to do is

Close your eyes  
When you look at me  
And imagine me however you want to think of me  
Just like I was made in your dreams  
And you get on top of me  
When you want me next to you  
Girl all you got to do is  
Close your eyes  
When you look at me  
Doesn't it feel like the real thing  
Don't it make you want to scream  
Girl you know you want to kiss and hold and touchin'  
All your body tonight  
When you want me next to you  
Girl all you got to do is  
Close your eyes

Just lay back and get ready  
For my rendezvous  
oooooh oooooh  
Soon as you close your eyes  
Girl I'm gon' to strip for you  
And when I reach the spot you like  
I'ma kiss it just right  
Do it over and over and over again  
Till I hear you scream  
Like princeton I wanna hear you cream,  
I ain't even gonna lie you make em' all wanna sing  
baby.

Close your eyes  
When you look at me  
And imagine me however you want to think of me  
Just like I was made in your dreams  
And you get on top of me  
When you want me next to you  
Girl all you got to do is  
Close your eyes  
When you look at me  
Doesn't it feel like the real thing  
Don't it make you want to scream  
Girl you know you want to kiss and hold and touchin'  
All your body tonight  
When you want me next to you  
Girl all you got to do is

Close your eyes  
Oh Oh Oh  
Oh Oh Oh  
woooooo

Something on my mind I wanna say  
I wanna say Oh-Oh-Oh  
Ohhhhhhh  
Ohhhh Ohhhh Ohhhh  
Close your eyes  
Close your eyes  
Close your eyes
