Hell of a night
Wishing that I
Was there with you
Stuck in a cab
Too drunk to drive
Yeah I'm just trying to survive
And I was thinking about love
Thinking about us
Living the dream that we dreamed of
I was thinking about life
Thinking about time
Thinking like I'm losing my mind

[Chorus]

You got me singing like ooh,
Never gonna find another love like you, like ooh
I had another lover, but she just won't do and
I can't take it, so come back girl
Swear to God if you don't come back girl
Like Ooohh
This'll be the heartbreak
Heard around the world

See I'm stuck in a maze
Trying to find
Find my way back into your life
Dying for one,
One night with you
Just one more change and that will do
Cause I was thinking about lies
Thinking about truth,
Thinking what I'd do to make it up to you
Thinking bout life
Thinking about time
Thinking like I'm losing my mind

You got me singing like oohh
Never gonna find another love like you, like oohh
I had another lover, but she just won't do and
I can't take it, so come back girl
Swear to God if you don't come back girl
Like Ooohh,

Thisâ€™ll be the heartbreak
Heard around the world

Damn baby
What do I got to do to change your mind
Itâ€™s crazy, I need you back
Back back, back in my life
Fame, Fancy Cars, lifestyle of a super star
Donâ€™t matter if weâ€™re worlds apart
So wherever you are
You got me singing like Oooh
Never gonna find another love like you
I had another lover, but she just wonâ€™t do and

You got me singing like oooh
Never gonna find another love like you, like oooh
I had another lover, but she just wonâ€™t do and
I canâ€™t take it, so come back girl
Swear to God if you donâ€™t come back girl
Like Ooohh
Thisâ€™ll be the heartbreak
Heard around the world
