how that man
can't be completely happy
with what he has is a mystery
and why you try to please him when you don't need him
is just as crazy to me
baby i'am free right now if you have the time
i'd love to make my mark on such a beautiful mind
and girl it's alright if you have to go but before you do
i think that you should know
you don't have to change you can stay the same
girl i love you just the way you are
fine in every way you don't need a thing
girl i love you just the way you are
baby just the way you are
my soul spirit got a haunting body banging
i am just saying girl i'm going all in ..
you are what have been missing
when you speak i will listen to all you have to say
baby i'am free right now if you have the time
i love to make my mark on such a beautiful mind
but girl is alright if you have to go but before you do
i think that you should know
you don't have to change you can stay the same
girl i love you just the way you are
fine in every way you don't need a thing
girl i love you just the way you are
baby just the way you are
what more do i have to say
girl your perfect in every way
and i'm gonna be there for you whenever you need
so don't worry baby
you don't have to change for me
you don't have to change you can stay the same
girl i love you just the way you are
fine in every way you don't need a thing
girl i love you just the way you are
baby just the way you are
