so glad that i found you-(yeah yeaah yeah)
woooaooowoaahooaooooohooo nanananah
used to be a time when i was a skeptic of love
i thought it was just a dream
not applying to real life
then came a change of
fortune like the lottery
you made a believer out of me
now I'm stuck on love for liiiffee

(Chorus)

Cuz you're my up(you're my up) when I'm down(when
I'm down)
you're the heart that i just cant be without
when you came along my way you brought the love of a
life time
you're a diamond (you're a diamond) that's for real
(that's for real)
you're the dream that Ive been waiting to live
now my world is forever changed by the love of a
lifetime
some say that the love that
i have should've been gone
but i found a love that i can depend on
every thing that the movies are made of
i have in reeeeeal life
you're my mournning cup of tea
you are the structure that i need
i swear I'm struck on the day that i found you
for you to stay
in my life ido all i have to

(Chorus)

Cuz you're my up(you're my up) when im down(when im
down)
you're the heart that i just cant be without
when you came along my way you brought the love of a
life time
you're a diamond (you're a diamond) that's for real
(that's for real)
you're the dream that Ive been waiting to live
now my whole world is forever changed by the love of a
lifetime

(Chorus)

like a hero on a journey
i wish the end that i got the present was you
you're all i ever wanted and hoped for
your love came and
turned my life around

(Chorus)

you're my up (you're my up) when i'm down (when i'm
down)
you're the heart that i just can't be without
when you came along my way you brought the love of a
lifetime

you're a diamond (you're a diamond) that's for real
(that's for real)

you're the dream that i've been waiting to live
my whole world is forever changed by the love of a
lifetime

(Chorus)

you're my up when i'm down
you're the heart that i just can't be without
when you came along my way girl you brought the love
of a lifetime

you're a diamond (you're a diamond) baby that's for
real (that's for real)

you're the dream that i've been waiting to live
now my whole world has been forever changed by the
love of a lifetime

you're my up when i'm down
girl i'm gonna be a good man i can't be without
cuz you're a good woman to me
you're everything i need
you brought the love of a lifetime
you cook breakfast in the morning you're a diamond
i'm gonna work everyday that's for real
and work hard to give you the life you always dreamed
of the
so you can always say you are the love you are love of
a lifetime you are baby
