Now the truth is there ain't no better place for you  
tonight  
Because no other place is meant to be  
Now baby tell me do you feel me, feel me,  
And tell me sugar did you know,  
That I've been feeling you and I would like to feel some  
more  
So come on over here, so you can get to know  
You better be together, oh girl did I mention

That a heart like yours is hard to find  
A heart like yours needs a heart like mine  
So if my heart is the heart for you girl, then say so, say  
so  
'Cause a woman like you needs everything  
A woman like you needs a man like me  
So if this man is the man for you girl, then say so, say  
so

Now the truth is, the real love you can't be replaced  
Cause it's so amazing, I can't be mistaking  
Now tell me baby do you feel me, feel me  
I bet you feel it when you see  
The feeling that you got, don't go away so easily  
Well I feel it too, than it means it's meant to be  
And if I had to change, anything about you, I wouldn't  
change a thing  
So if you not understanding this  
Than I'd rather, rather be alone  
Girl, I need for you to listen  
Oh, I don't want to walk away from this,  
Because the feeling, feeling is just to strong  
And by the way did I mention

That a heart like yours is hard to find  
A heart like yours needs a heart like mine  
So if my heart is the heart for you girl, then say so, say  
so  
'Cause a woman like you needs everything  
A woman like you needs a man like me  
So if this man is the man for you girl, then say so, say  
so

And if you tell me you'll be true  
Than girl I'll tell you the same  
you don't have to question love  
'cause now you know me by name  
I can tell I won't make you cry  
But I can say I will never lie  
Because the day you don't believe me, is the day I'll die  
Did I mention  
That a heart like yours is hard to find  
A heart like yours needs a heart like mine  
So if my heart is the heart for you girl, then say so, say  
so  
'Cause a woman like you needs everything  
A woman like you needs a man like me  
So if this man is the man for you girl, then say so, say  
so
