Oh what a feeling Iâ€™m feeling life,
Oh, what a feeling Iâ€™m feeling right,
Oh, what a feeling Iâ€™m feeling tonight
I ainâ€™t the only one who feel that life.
Oh what a feeling Iâ€™m feeling life,
Oh, what a feeling Iâ€™m feeling right,
Oh, what a feeling Iâ€™m feeling tonight
I ainâ€™t the only one who feel that life.

There he go back again, getting it all his lady friends
Most they zip but now Iâ€™m pushing love you like no
other can
Hey baby, whatâ€™s your name, come over here seat
next to me,
Get your presentation night and you roll just my
change tonight
Donâ€™t be shy when I get closer to you,
Got a penthouse in the sky you ainâ€™t never seen a few,
like this
And if you want to I need a few like that
Yeah babe, image until your backâ€™s said.

Chorus:
Oh, what a feeling,
Iâ€™m living life like I never before
And oh, what a feeling, thatâ€™s was up
Canâ€™t get enough, girl I just want more
And a try, love the way you did it,
What you say, all I want do right now was let it all go
when
Oh, what a feeling, thatâ€™s was up
Iâ€™m living life like I never before

Now there ainâ€™t gonna be no more, putting rings on in
But I got a bottle of champagne but your name on it,
And it feels so good to be here chillin with the name on
it,
But when I kiss your body is gonna wanna scream on it,
I know what you want â€™cause my bank is lowed
And when I put my hands of the skirt donâ€™t... Iâ€™ma
flirt,

Girl let me put it on my fingers let me see it work,
What's a little need on top on hurt,
Baby just a little but I love this worth it
Mary you're gonna be the famous girl in the world but
tonight

Chorus:

Oh, what a feeling, show love,
I'm living life like I never before
And oh, what a feeling, that's was up
Can't get enough, girl I just want more
And a try, love the way you did it,
What you say, all I want do right now was let it all go
when
Oh, what a feeling, that's was up
I'm living life like I never before
