mmmmm...  
ohhhh....

oh, hi Baby  
yeah, well I was just gettin better acquainted with  
myself  
but right now, Narcissa wants to bet better acquainted  
with you  
mmmmm... and your friend, who is SHE?

I tantalize  
I mesmerize  
I can do whatever I want to  
soft hypnotic eyes  
tight orgasmic thighs  
the other side is calling  
and I want to go with you

so do as I say  
and play as I play  
and let me have my way  
while I sex you as you lay

mmmm.... come on baby  
let me watch me while I do you

I am ecstasy  
I'm sensuality  
I am vanity personified  
don't be scared of me  
or my sexuality  
your juice is getting sweeter  
I can see that you love my ride

so one for the girls  
and two for the their noise  
and three for all spectators  
and four for their toys

Chorus:

I, I want her  
and I don't know why  
I guess I'm another victim of Narcissa Cutie Pie  
I, I want her  
and I don't know why  
I guess I'm another victim of Narcissa Cutie Pie

oh, Narcissa, Narcissa...

Bridge:

Slow life has always been a bore  
give it, give it to me erotic  
there's an art to being a whore  
they all love what it feels like inside my thang  
both sides pull me deeeeep in both directions  
they can't get enough of me

oh, Narcissa, Narcissa

(back to chorus and fade)
