baby boi thats it alright
why dont you hold ma hand and we can be a happy
cupple and then we can share our happy times with you
and then i will love you for everrr

chorus
you no that you are my baby boi for live
and you no that you will spend every moment with me
dont ever them me alone

i been waiting for you
every night and very day

waiting for you to say you lovvee me
why dont we go out
for dinner os lunch i have been waiting for you to say
every word that you say wont hurt m feelings so dont
be afraid to just spit it out of your mouth
i wont be scared and do thins just say it straight and i
will say

chorus (x2)
