I'm way too cool for ya boy  
That's why it'll never work  
I'll have you suicidal, suicidal  
When I say it's over  
Damn all these beautiful girls  
We're only gonna do your dirt  
We'll have you suicidal, suicidal  
When I say it's over

Yeah yeah

I remember when  
I was hanging with my friends  
That's when I caught your eye  
You thought that I was fly  
Right then you wished that I would be your baby (be  
your baby)  
You try to spit some game  
Asking me girl what's your name  
All that ice upon ya chain  
So I asked you the same  
Something tells me that we have fun together (fun  
together)

I ain't easy to find  
I'm one of a kind  
Oh when I dutty wine  
I know your only mine  
Tonight is yours  
Tomorrow is for another guy (another guy)

I'm way too cool for ya boy  
That's why it'll never work  
I'll have you suicidal, suicidal  
When I say it's over  
Damn all these beautiful girls  
We're only gonna do your dirt  
We'll have you suicidal, suicidal  
When I say it's over

You've been calling me  
Leaving messages all week

Was your curiosity  
Got ya knees weak  
I'm not looking for a man  
So I don't want no confusion (no confusion)

I took ya to the floor  
Got ya begging me for more  
But that was my queue to go  
So I hit the door  
I let you hot  
With your mind used to running wild (running wild)

I ain't easy to find  
I'm one of a kind  
Oh when I dutty wine  
I know your only mine  
If you stick around  
Be careful not to fall in love (fall in love)

I'm way too cool for ya boy  
That's why it'll never work  
I'll have you suicidal, suicidal  
When I say it's over  
Damn all these beautiful girls  
We're only gonna do your dirt  
We'll have you suicidal, suicidal  
When I say it's over

Now a couple months have passed  
Never thought that this would last  
Oh everybody asked  
How ya got a girl like that  
But you should've known  
That nothing lasts forever (lasts forever)  
I mashed up ya mind  
When I tell you lies  
But boy don't be surprised  
That I'm seeing other guys  
I'm too young to settle  
And you should've known better (known better)

Damn all these beautiful girls (you should have known)  
We're only gonna do your dirt (cos I'll have)  
I'll have you suicidal, suicidal  
When I say it's over
