Oooh!

Aah!

If only I wouldn't be alone
When the two of us are together
I'm a stranger in my home
It's like we're giving up on each other
I don't know where to turn to (turn to)
It's like I don't even know you (know you)
And I'm the one you used to fight for
Oooh!

Instead of giving in give it all
All we get to is far gone
Instead of looking up just look down
See if I with come

You gotta hold on, hold on
Why do we keep on letting go?
Why do we keep on letting go?
Hold on, hold on
Why do we let it go out our way?
Why don't we stand up and try again?
You never know
What you lose by letting go
You gotta hold on, hold on
You got me to hold
You gotta hold on

Baby, we're running are we safe now
This ain't gonna withstand any longer
You and I have to learn how
To find another way to be stronger
And I don't know where to turn to (turn to)
But I won't stop until I get through (get through)
I can't let this flame just burn out (burn out)

Instead of giving in give it all
All we get to is far gone
Instead of looking up just look down
See if I with come

You gotta hold on, hold on
Why do we keep on letting go?
Why do we keep on letting go?
Hold on, hold on
Why do we let it go out our way?
Why don't we stand up and try again?
You never know (you never know)
What you lose by letting go (let it all gone)
You gotta hold on, hold on
You got me to hold
You gotta hold on

Baby, I'm so scared we can work it out
(You gotta hold on)
But I'm all afraid of giving up without a fight

You gotta hold on, hold on
Why do we keep on letting go?
Why do we keep on letting go?
Hold on, hold on
(Hold on, hold on, hold on)
Why do we let it go out way?
Why don't we stand up and try again?
You never know (you never know)
What you lose by letting go (letting go)
You gotta hold on, hold on
You got me to hold
You gotta hold
You gotta hold on
You gotta hold

Hold
Hold
You gotta hold on
You gotta hold
You gotta hold on
You gotta hold
You gotta hold on
