We knew this day was coming,
That's why we were running from it
Like we could out run it
It wasn't like we had planned it
But I understand that
We got to do what we've got to do

I know it be painful,
But never this painful
Now I know what heartbreak feels like

And I'm glad you were in my life

But I don't wanna cry
I don't wanna cry
I don't wanna pretend
Like my feelings aren't gonna hurt
And I don't wanna lie,
And look you in the eye
And tell you somehow this is gonna work
You're going away
Here is where I stay
With the memories of what it used to be
The memories of you and me

I don't wanna cry
Wanna cry
Wanna cry
Wanna cry
I don't wanna cry

Now I'm checking a review
Eyes filling with tears
You make it so hard to move on
It's not that I want to
But boy it's impossible

To love you like I want

I don't want to risk it
'Cause I know the distance
Is just bound to drive us apart

And it already breaks my heart

'Cause I don't wanna cry
I don't wanna cry
I don't wanna pretend
Like my feelings aren't gonna hurt
And I don't wanna lie,
And look you in the eye
And tell you somehow this is gonna work
You're going away
Here is where I stay
With the memories of what it used to be
The memories of you and me

I'm not saying that I'm not in love with you
(That I'm not in love with you)
Really I'm just kind of doing the right thing for you
(Doing the right thing for you)

And I gotta be the strong one
Gotta call it off baby
If you want to put the blame on me
Then that's fine with me
But I don't want to cry

We knew this day was coming

That's why we were running from it

I don't wanna cry
I don't wanna cry
I don't wanna pretend
Like my feelings aren't gonna hurt

And I don't wanna lie,
And look you in the eye
And tell you somehow this is gonna work
You're going away
Here is where I stay
With the memories of what it used to be

The memories of you and me

I don't wanna cry

But I don't wanna cry

I don't wanna cry

I don't wanna pretend

Like my feelings aren't gonna hurt

And I don't wanna lie,

And look you in the eye

And tell you somehow this is gonna work

You're going away

Here is where I stay

With the memories of what it used to be

The memories of you and me

I don't wanna cry

I don't wanna cry
