"I Still Believe"

So here we go again.
There was me and you.
Then it's gone.
And now where just friends.
What else am I suppose to do?
So we start talking.
And then you start to say.
What would happen if we got back together?
And then I say.
If we did.
You would say
It won't last forever.
Then you blame it all on me.
So you take your chances.
And if you wanna believe.
Then go ahead.
Don't hear what i have to say.
Give me that good reason.
All of the lies you've been pushing me in.
And then you say.

I still believe.
That one of these days.
We will get back together.
Why don't you just understand.
Your a change man.
So take your step.
Believe in what you believe in.
Don't come crawling back to me.
And don't say you still believe.
Because you can't get that out of your head.
You don't listen to hear what i have to say.
I guess i won't listen to what you said.
So go back to where you gotta be.
(Oh boy)
And don't say I still believe.
(Still believe)

So the week has past.

Your still trying to get your way.
Didn't you even hear what I had to say.
Why don't you just understand it won't last.
So you come to me.
And give me this reason.
That i shoudl believe in.
You say.
Baby I didn't mean to hurt you.
All I really wanted is to be near you.
So won't you take me back.
That's all you have to do.
did you think i would believe that.
(Huh no)
Listen to what I have to say.
I gave you one more chance.
You blew it.
So now you want me back.
I guess to you.
You like the way I act.
But that's a fact.
So don't say that you still love me.
Whitch you don't.
Don't lie your way through this.
You had your last chance.
But you missed.
And you say.

CHORUS:

Little did you know.
Somehow you still won't let me go.
I don't understand why you can't see that.
After all i've been through.
I ain't taking you back.
So go ahead and tell all your friends.
Listen up baby.
You'll see.
It ain't gonna end.
This way.
(Oh no)
Say what you have to say.
Let it go.
Let it go.
Just let it go.
How come you never know.
I found someone that cares for me.
And that loves me for me.
And he took your place.
So go back to where you gotta be.
And you say.

CHORUS:
