I've been up 3 days  
Adderall and Red Bull  
This call is a mistake  
There's something  
strong in this water bottle  
He got a new chick but that's a little  
Barbie doll  
I feel so pathetic but you still haven't heard it all

F\*\*\* that new girl that you like so bad  
She's not crazy like me I bet you like that  
I Said F\*\*\* that new girl that's been in your bed  
And when you're in her I know I'm in your head

I'm just saying you could do better  
Always turned you out every time we were together  
Once you had the best boy you can't do better  
Baby I'm the best so you can't do better  
Ohhhh (x3)

Ran into your home boys  
They're all f\*\*\*ing idiots  
You're not even my boyfriend  
but they're tripping cuz I'm in the club  
Yeah that's right I'm dancing  
and something cool is in my cup  
I'm gonna send you a sexy picture  
to remind you what you're giving up

F\*\*\* that new girl that you like so bad  
She's not crazy like me I bet you like that  
I said, f\*\*\* that new girl that's been in your bed  
And when you're in her I know I'm in your head

I mean, I'm just saying you could do better  
Always turned you out every time we were together  
Once you had the best boy you can't do better  
Baby I'm the best so you can't do better
