#### My Heart Never Had A Hero

You're the only one who made it through the fire, burning fire  
You're the only one who walked the water and made it to the other side  
You're the one who took away my feelin of falling  
Only one who sees the sun  
You know I'm calling  
You're the one who took me by the hand  
Showed me how to fly

#### Bridge:

And I feel so safe that I'm up in your arms  
Nothing can touch when I'm right where you are  
You busted through the doors  
You came up through the floor  
Just in the nick of time to save me

#### Chorus:

Ahhh, my heart never had a hero  
Ohhh, ohh  
Ahhh, my heart never had a hero  
Ohhh, ohh  
When there was no one else  
You saved me from myself  
Almost gave up on myself  
Til you rescued me  
Ahhh, my heart never had a hero  
A hero, a hero

(Never had a hero, a hero)

Faster the speed of light  
You come around, and kill my lonely  
Better than the average man  
You beat the odds, you so incredible

Ohhh, you are

Never met someone so strong  
Never breaks down  
Never thought that I'll be loved until you came around  
Nothing in this world is like the feeling  
Like it when you hold, hold me, hold me

Bridge:

And I feel so safe that I'm up in your arms  
Nothing can touch when I'm right where you are  
You busted through the doors  
You came up through the floor  
Just in the nick of time to save me

Chorus:

Ahhh, my heart never had a hero  
Ohhh, ohh  
Ahhh, my heart never had a hero  
Ohhh, ohh  
When there was no one else  
You saved me from myself  
Almost gave up on myself  
Til you rescued me  
Ahhh, my heart heart never had a hero  
A hero [x7]
