JOJO LYRICS

Not That Kinda Girl

Yeah-eahhh, hmmm

yeaaahhh

CHORUS:

I'm not your every day, around the way

Don't go car-hoppin', chillin' on the block

On a cell phone frontin',

Never that, cuz I'm not that kinda girl

I need to know how you roll

And how you get down low

Drop my money in the bank

Take me home and meet your mama

Can you handle that?

Cuz I'm that kinda girl

I'm that kinda girl

VERSE 1:

Boy you aint impressin' me

With your jewelry, your designer clothes

Or the games that you try to play

Think you need to know, I got my own

Dont need you for your dough

Hearin' me, maybe then we can flow, let me know

Make me smile, maybe we can chill

Keep it real, show me something I can feel

Cause I'm not your average ordinary type

Could you be that kinda guy I like?

CHORUS

VERSE: 2

Everytime I be up at the spot, chilling with my crew

We'll be hanging out, get in a little late

You start bugging out

I dont think it's fair

You don't like the clothes I wear

How I do my hair

I don't really care

But it's not for you

And I aint got nothin' to prove

There cant be any us, if there can't be any trust

Nothin' to discuss, no doubt

I'm not that kinda girl to let you play me out

CHORUS

BRIDGE:

You might take me shopping, but I'm not your property

If I dont like it, I decided

I can make it on my own

As long as we disagree to agree

Down for you and you're down for me

Baby I'm what you want and we can build a love so
strong

CHORUS

Oooh Oooh Oooh Oooh

Not That Kinda Girl

Oooh Oooh Oooh Oooh

Not That Kinda Girl

Oooh Oooh Oooh Oooh

Do you know what kinda girl I am?

Oooh Oooh Oooh Oooh

I'm that kinda girl

ooohoohh-yeaaahh
