Hey, hey
Iâ€™ve got a proposition, honey
Right here waitinâ€™ for you.
If you donâ€™t need to spend no money
I know what we can do.

Na-na-na-now go and call your friends
And Iâ€™ll hit up my girls.
I got a feelinâ€™ that together
We could conquer the world.

Because youâ€™re sexy
And I like it.
You got me all excited
I wanna paint the night in
Shades of purple in goldâ€¦
A-a-all right!
I wanna start a riot tonight
Do-do-donâ€™t matter what they think it like.
The-the-then I think itâ€™s time
We forget about it.
I wanna start a riot tonight

You remind me of a rock star breaking the rules.
I see the lights of a cop car behind you
S-S-Speeding down sunset picture there.
I-I-If you want to riot you know just where itâ€™s at.

Because youâ€™re crazy
And I like it.
You got me all excited
I wanna paint the night in
Shades of purple in goldâ€¦

A-a-all right!
I wanna start a riot tonight
Do-do-donâ€™t matter what they think it like.
The-the-then I think itâ€™s time
We forget about it.
I wanna start a riot tonight

Baby, I can handle

Whatever you let go.
Don't be afraid to get wild tonight.
I'll tell you, baby I can go
Whatever punches you throw.
Not afraid to start a riot tonight!!!

A-a-all right!!!
I wanna start a riot tonight!
Do-do-don't matter what they think it like (and I don't
care!).
The-the-then I think it's time
We forget about it.
I wanna start a riot tonight

A-a-all right!
I wanna start a riot tonight
Do-do-don't matter what they think it like.
The-the-then I think it's time
We forget about it.
I wanna start a riot tonight

I wanna start a riot tonight
I wanna start a riot tonight
I wanna start a riot tonight
I wanna start a riot tonight, tonight
