[Clinton Sparks]Calling up my phone
showing up at the club
when I tell you to stop
you just keep showing up
cause you're feeling regret
now that we are through
through th th th th through

Since the day you left
everything's been cool
thought that you were fresh
but the joke's on you
and now what we had
saw that you clang too (clang too)

[Chorus]I bet it sucks to be you, you , you (x2)
yeah it sucks to be you ,you ,you
it must suck to be you, you ,you
when you say me
you must of been out of your damn mind (damn mind)
you break my heart and now you wanna cry? (wanna
cry?)
mad at yourself because of me you fail (me you fail)
cause even me, girl was your epic fail
(you lose!)

[LMFAO]i see your tweets
on how I'm so sweet
how you miss taking trips to bar
getting freaky by the tikki on the beach
uh, but you should've known
that you should of never done me wrong
Now I'm in the club singing david guetta girl, the love is
gone
you gotta be out of your damn mind (damn mind)
you break my heart and now you wanna cry ? (wanna
cry?)
Now, really wasn't worth that other dude

you slip and slide and say bye bye you fool, I'm gone!

[Chorus]I bet it sucks to be you, you , you (x2)
yeah it sucks to be you ,you ,you
it must suck to be you, you ,you
when you say me
you must of been out of your damn mind (damn mind)
you break my heart and now you wanna cry? (wanna
cry?)
mad at yourself because of me you fail (me you fail)
cause even me, girl was your epic fail
(you lose!)

[JoJo]Stop calling me drunk
when you stumble in home
boy you shit outta luck
you gonna be sleeping alone
oh and stop telling lies
as if im stopping you
you know you be crying to my bestfriends and my
mama too
you're really creeping me out
and will you leave it alone
dont be suprised if i just go ahead and cut off the
phone
and you're so stuck in the past
you need to just let it go , go , go

[Chorus]I bet it sucks to be you, you , you (x2)
yeah it sucks to be you ,you ,you
it must suck to be you, you ,you
when you say me

[Bridge]Man i aint tipping on you im just gonna go out
