I wish we could be all as one
I wrote this song from my heart for everyone.
Sometimes I wish there wasn't a space
Between the things people do and the things they say.
I wish every child is able to see all the opportunities
that flew right by you and me.
Don't ya'll wish you could love someone and make it
clear without fear they'll betray your trust.

I wish we could be together.
I wanna be with you.
May take time but we can be together.
I wanna be with you.
Even if you gotta lie, just say you'll leave me never.
I wanna be with you.
Oh, I wish we could be together.
I wanna be with you.

I wish we could be all as one.
Take two different melodies and make them one song.
Sometimes I wish ya'll could see..oh!
Me for who I really am, just let me be.
Ya'll know that love is special and love is right.
It can take one man, change his heart and mind.
And with that said, I wish it was so,
That we could plant a seed of love and watch it grow

And I wish we could be together.
I wanna be with you.
May take time but we can be together.
I wanna be with you.
Even if you gotta lie, just say you'll leave me never.
I wanna be with you.
Oh, I wish we could be together.
I wanna be with you.

Oh ya!

I can't believe this.
My wish has has got me goin' out my mind.
What do I have to do?

'Cause girl I wanna be with you.

I wish we could be together.

I wanna be with you.

May take time but we can be together.

I wanna be with you.

Even if you gotta lie, just say you'll leave me never.

I wanna be with you.

Oh, I wish we could be together.

I wanna be with you.
