Courage and cowards move,Heroes to ecstasy,
Welcomes of war and wounds,vigil and victory,
Structures of atoms dance,sugar towards the taste of,
Pray to the predator,love as we're falling down.

Through light and laughter flow,to dirge and death we
go,
Mindless processions move,lanterns of burning towns.
Welcome to fray and feast,bliss in all sorrows found,
rythms and random moves,and waves of revelations.

Patterns i'm finding,
as pain and joy and sorrow mingle.
Patterns i'm finding,
Our face is raised in adorations

Deserts are paradise.
Awake to genocide.
Delight and sufferings,is roles that we have found.
Nourished by food we eat,hungered by waste excrete.
From apes or sons of god,let every act be sacred.
