Baby why you so fly, I'm caught up in your soul vibe
Rumor has it that you wanna man with a big di-di-digital
following

I know this can seem kinda forward
But you are meant for me, girl I'm sure of it
I see your body, I just can't find the words to say
This ain't no virtual fantasy
But girl we've got a sensual chemistry
You can't imagine all the things I'm gonna do to you
I ain't like them other dudes, no

You're no good for my health, I keep telling myself
That it's so good, I don't need ya
So how come you still stick around, oh
You been on my mind, all day, all night, darling
I can't seem to find my way, I'm drowning

And if you want some fun, it's all good
Cause baby I got mine
Oh, pretty baby, let me come over and make your body
sing like
Oh oh oh oh oh oh yeah
I know that you're soulful baby,
We can kick it old school honey, and she said
Ain't nobody love me better,
So exciting was getting wetter

You're no good for my health, I keep telling myself
That it's so good, I don't need ya
So how come you still stick around, oh
You been on my mind, all day, all night, darling
I can't seem to find my way, I'm drowning
