You don't know what you do, baby
You don't know the power in you
A woman could drown in this unpretty world
Feel so insecure

I have weak moments when I don't like
The person in the mirror on the wall
But when you take me in your arms

With just one look, baby, you rescue me
And I'm branded by the intensity
I can't deny the woman that you see, baby

And time and again you take me by surprise
I feel like nothing special
But when I look into your eyes
I'm beautiful, ooh yeah, baby

Everywhere that I turn these days
I feel like I'm on parade
Sometimes I'm afraid that I don't measure up
That I'm not good enough

Then I come home and it's such a sweet thing
I love the way you say my name
And brush the hair back from my face, yeah

With just one look, baby, you rescue me
And I'm branded by the intensity
I can't deny the woman that you see in me

And time and again you take me by surprise
I feel like nothing special
But when I look into your eyes
I'm beautiful

And I don't have to be a china doll
Or paint my face, weak or strong
A plane Jane, I know you still love me

Oh yeah, baby, I'm beautiful
Oh baby, oh baby

And time and again you take me by surprise
I feel like nothing special
But when I look into your eyes
I'm beautiful, I'm beautiful
I'm beautiful, baby, in your eyes
