"Let It Go"

You said some things
I said some things
We're not poets
But the words were classic
We lost control
Body and soul
I can't explain it
But the kiss was magic
I know you're wondering what to do about last night
Don't doubt this feeling we can't fight

Let it go
Just be you
Boy let your heart do
What it wants to do
Let it go
On and on
When there's a feeling
This strong
Let it go

If we're afraid
If we mess with fate
We'll only be keeping true love from living
It would be cruel
We would be fools
Almost like keeping our souls from breathing
So take my hand and let's discover what's in there
This fear won't take us anywhere

Let it go
Just be you
Boy let your heart do
What it want's to do
Let it go
On and on
When there's a feeling this strong
Let it go

Let it go

I know you're wondering what to do about last night

Don't doubt this feeling we can't fight

Let it go
Just be you
Just let your heart do
What it wants to do
Let it go
On and on
When there's a feeling this strong

Let it go
Just be you
Boy let your heart do
What it wants to do
Let it go
On and on
When there's a feeling this strong
Let it go
Let it go, yeah

Let it go
Let it go
Let it go
Let it go
Let it go
Let it go
On and on
