Oh maybe I'm a poor girl
But it doesn't bother me at all
Maybe I'm a poor girl
But it doesn't bother me at all
When this world comes crashing down
I know that I'll be standing tall

I used to be an angel
Now I'm just like everybody else
I used to be an angel
Now I'm just like everybody else
I left my wings in the gutter
And my halo is lost
Dusty on a shelf

I know a rambling girl
She's driving me crazy and wild
I know a rambling girl
She's driving me crazy and wild
Wild wild wild
I'd have Austin as my footstool
And the world as my throne
If only she were by my side again

I got a couple of foodstamps
And a caffeine buzz
I got a couple of foodstamps
And a caffeine buzz
So I'd be set for right now, darling
If I only knew
Just where she was

I'd tell her to hold tight honey
Don't you lose your spirit to the wind
I'd tell her to hold tight honey
Don't you lose your spirit to the wind
I know you and I know you'll be a long time rambling
Before you see your rest again

Oh maybe I'm a poor girl
But I don't worry about it none
Maybe I'm a poor girl

But I don't worry about it none
When this world comes crashing down
I know that I'll be standing in the sun
I'll be standing in the sun
