This city is filled with questions of to love or not to love  
Finding a cure, finding a relief, finding yet another heartbreak

Gear up as a capsule locked in a shop for sale  
The exclusive limited edition gift is your humour

Dressed in jelly beans for Paris Fashion Week  
Everyone is lonely and collecting fake smiles  
Whoever needs a soul after the taste of revelry  
Yet every inch of numb nerves is filled with scars

Welcome to my side  
Let illusions and loneliness come to an end  
Start a new experience

Love be love  
Wrong be wrong  
Face up to my true self  
Without forcing  
Without holding back  
The future is in my hands  
I'll Give You Love~ Love~ Love~ Love Love  
Love~ Love~ Love~ Love Love

Put all day dreams and night dreams into a glass bottle  
Add crystals and vitamins into a cactus' drip  
Owls' tears are the best healing perfume  
Dr. Jolin replicates the happy potion

Welcome to my side  
Let illusions and loneliness come to an end  
Start a new experience

Love be love  
Wrong be wrong  
Face up to my true self  
Without forcing

Without holding back  
The future is in my hands  
I'll Give You Love~ Love~ Love~ Love Love  
Love~ Love~ Love~ Love Love

Say out your Love Love Love Love don't say No No No  
Dr. Jolin releases her magical powers and lights up the sky  
Happiness seeps into your dream so you will never be lonely  
Spread out your wings to fly

Happiness doesn't stop to rest  
The virus of love is spreading  
Even the skin is following to smile too  
We make happiness condense  
Please follow me

Love be love  
Wrong be wrong  
Face up to my true self  
Without forcing  
Without holding back  
The future is in my hands  
I'll Give You Love~ Love~ Love~ Love Love  
Love~ Love~ Love~ Love Love
