I guess I'd like to just lie down and smile
When I'm dreaming about you before
My eyes, your picture on my wall
And when I feel like I would like to read
Your letters over and over again
Because "I Love You"

[Chorus]

Anywhere I go
Babe I would like you to know
That I can't stand
Being alone without you
So what I always do
Is think about you

Hey, Yeah

I'd like to call you on the phone
Even though we've talked a while ago
It seems so clear to me
That I miss you so badly
And then I'd like to grab my pen and paper
To send this message to you
Saying that "I Miss You"

[Bridge]

Oohh
Or maybe I would just call your name (just call my
name)
Perhaps the wind will whisper into your ears
Or I'll just look at the sky
And just gaze into your smile
Even for a while I'd be with you, oohh
So what I always do
Is think about you
Think about you
Think about you
