Faithfully, faithfully
Faithfully, faithfully
Where do we hide it, where do we speak from
There comes a time and a place that we believe from
Fortunes together as each has a place
To regain all the pleasure that enters your heart
Faithfully, faithfully - believe me now
Faithfully, faithfully - believe be faithful
Faithfully, faithfully
When you have found Faith, speaks to you in volumes
There comes a time and a place that you believe from
Fountains of wisdom will shine in your eyes
Don't be too, too surprised that each day is a test
So perplexed as to reason no sense in trying to hard
Faithfully, faithfully - believe me now
Faithfully, faithfully - believe be faithful
Faithfully, faithfully
Only when you start to realise
Can you understand the strength in your heart
Only when you start to believe
Then you will feel it from the start
Faithfully, faithfully
Faithfully, faithfully
Freely and finally complete to your design
To love and forever believe that you will be
Forever be free from the discourse that rattles your
soul
But if you're looking for a reason
And if you're seeking complication
Now it's time to start the question
Within the source there is no answer
No answer that can be termed human
Human is the blessing we are living through
For if there is no complication
There would be no aspiration
To learn the meaning of existence would only stop you
living quick
Then there would be no more reason for this design,
we call love
Faithfully, faithfully, faithfully, faithfully
Faithfully, faithfully, faithfully, faithfully

We call love
Faithfully, faithfully, faithfully, faithfully
Faithfully, faithfu
