CHORUS

Oona-a-aya

Tamara ooha

Shana too aya

Lay mi

Coming through vision

Coming through wisdom

Coming together

This love

Giving me daytime

Giving this nighttime

Bringing within me

This love

CHORUS

Coming through wisdom

Coming together

This love

CHORUS

Coming to the earth

Singing to the stars

Change we must

To live again

Coming to the earth to the moon

Coming to the sky to the earth

Change we must

To live again

We will witness this song, we will sing

We belong to the world

"Our Mother so Devine"

We live again

This is here

This is now

This is love

This is life that surrounds

Change we must

To live again

CHORUS
