It's another call attentive
But I didn't get the message
Forever due this Mother Earth is all my life
'N the more I think it out
About the time we spend together
Together we'll be sharing all eternity
It's another day
It's another way
It's another feeling in my heart
And the more I try to get it
'Cause I did not change the weather
So the light that shines is always coming out of you
For it was ever to be given
Ever full of blessings
As the message coming clearer, see it coming through
So I come
Open to your heart
Make this song
True right from the start
We all live together
We belong together
This Mother Earth and I
All this song will always be
Better by reason
God's clear light
Make sure you feel this life
Flow all inside of you now
All this song will always be
Better by children
Let them sing
For always be the Light
It's another day
It's another way
It's another feeling in my heart
So if ever there's a question
So in part there is an answer
Remember that it's always in the heart of you
To begin this conversation
So intent to get the level
In everything your sacred life is going through
All I know
Want to be with you

Day after day
Want to be with you
And the more I think of it
It can never change me
I believe that this is truly for me
All this song will always be
Better by reason
God\'s clear Light
Make sure you feel this life
Flow all inside of you now
All this song will always be
Better by children
Let then sing
For always be the light
