Picture a pathway on high on a mountain  
That leads to the portholes where rainrivers sing  
Under the earth hear a rumble of rhythms  
As deep as in deeper than all you can see with your  
soul  
Soul - coming into patterns  
Playing with the knowledge  
Catching every phrase, every phrase  
Heaven knows it all to be careful  
Heaven knows it all to be helpful  
Full of knowledge  
More you know there is to know  
Picture me now saying yes I submit  
To all passions and pleasures you bring to me now  
After the snowflakes that flow from my past  
And Heaven can see where I've been here before  
Soul - coming into patterns  
Playing with the knowledge  
Catching every phrase, every phrase  
Soul - coming into listening  
Hearing every heartbeat  
More magnified than I 'd say  
Heaven knows it all to be careful  
Heaven knows it all to be helpful  
Heaven knows it all to be worshipful  
Heaven knows it all to be thankful  
Full of knowledge  
More you know there is to know
