There you have it
You see this love regretting
Something wrong again
But you had it in the palm of your hand

Your heart has started bleeding
You gotta get out believing
You're on your own forever
It's not the space or time or weather

You can't leave, you want
You can't have, you need
You can't touch, you bleed
It's enough it's enough

There's something happening to ya
Love can see right through ya
In a world of make believe
Don't go throwing it all away

Hold onto love, hold onto love
Treat is as a good thing
Be always ready
With that electric feeling
You worked so hard, to be in love with her
She tried so hard, you gotta let her go
Hold on, hold on
Hold on, hold on

The more and more you hear it
The more it seems to make sense
Hold love in the palm of your hand
But you think that round the corner
Your gearing up to hold her
But that won't make a difference in the end

It's never space or time or weather
You can't leave, you want
You can't have, you need
You can't touch, you bleed
It's enough, it's enough

There's something happening to ya
Love can see right through ya
In a world of make believe
Don't go throwing it all away

Hold onto onto love
There's nothing more important
Treat it as a good thing
Be always ready with that electric feeling
You worked so hard, to be in love with her
She tried so hard, you gotta let her go
Hold on, hold on
Hold on, hold on

You worked so hard, to be in love with her
She tried so hard, you gotta let her go
Hold on, hold on
Hold on, hold on
Hold on, hold on

Hold onto love, There's nothing more important
Hold onto love, Don't let it pass you by
Hold onto love, There's nothing so important
Hold it in the palm of your hand
Hold onto love, There's nothing more important
Hold onto love, Don't ever let it pass you by
Hold onto love, hold onto love
Treat it as a good thing
Treat it as a good thing
Treat it as a good thing
