Bring the glory, my sweet Jane
Down from heaven, down the lane
Sing the glory of her name
Singing, true li ay...
Spin the circle, make a chain
Dance the glory, my sweet Jane
Bring the sunshine every day
Dancing, true li ay...
For all to know the world's alive
At last the vision has survived
We see the future children sing
The glory of the world
As one together, pull together
One together we will be
Now the music is the power
Bringing love forever
The road ahead, the road ahead
The road ahead, can take us anywhere
Bring the glory, my sweet Jane
Down from heaven, down the lane
Sing the glory of her name
Singing, true li ay...
She takes me to a sacred place
Every time she kisses me
The light of love is on her face
Loving, true I ay...
We fly up to heaven on a wing
Listening for the birds to sing
We hear the angels on their wing
Every time we're lovin'
For all to know the world's alive
At last the vision has survived
We see the future children sing
The glory of the world
Bring the glory, my sweet Jane
Down from heaven, down the lane
Sing the glory of her name
Singing, true li ay...
The road ahead, the road ahead
The road ahead, can take us anywhere
I met her when my heart was low
She taught me how to love again

I watch her when he greets the day
I love her, true li ay...
A world of love is in her eyes
When she dances close to me
No one could ever take the prize
I love her, true li ay...
So deep inside my senses roar
When I hold her in my arms
I wake up to her every morn
Sunshine all the time
For all t
