Sixteen, sixteen
Going on thirty-two
It's a delicate time
That of knowing
Yet understanding nothing
Then being alone
Twenty-one
Be no clearer yet
Yet the first steps
Looking for the mystery school
Talk, talk is easy
Talk talk whatever it takes to know that
Talk, talk is crazy
Only can you be alive from looking within
Your heart and soul
Talk, talk is easy
Easily we get to coming
Easily we get to knowing
Quick words
Sharp tongue
Fascinate
Aglow
Bright sky
Quick words
See how
We fly
This storm
This love
Electrify
Quick words
We surely testify
Quick words, quick words
Quick words, quick words
Eighteen, eighteen, age of innocence
Thrown away to the wind
Just like a pilgrim
Twenty-one, be the key of life
Realizing how it suddenly is delivered
Shall we play the game, I ask,
I'm willing to learn
Teach me of this wilderness easily
Walk me high as I walked the mountain

Hand in hand in mystery light
Afraid of nothing, nothing can touch me
Never speak to me
I'd be the dumb one of dreams
Made passive by this searching for wonder
It abounds all around the screens
It procreates this very day
I'm astounded that I didn't know
Talk, talk is crazy
Talk talk whatever it takes to know that
Talk, talk is crazy
Only can you come alive from looking within
Your heart and soul
Talk, talk is easy
Easily we get to coming
Easily we get to knowing
Talk to me so clear
This bulge in our open space
Is dreaming by the spell by my seeing
Tis the sound of thunder makes me cry
I believe I'd laugh
