Come on you crazy wind
Go carry all your sweet devotion
Blow the treetops
Ride the hillside
On the mountains sing
Emotion sing
Come on you crazy wind
Go dance and flow your soul emotion
Never resting 'til you blow your world's,
Cleanliness, invention, intervention
Come blow your winds of raging rivers
Blow the distant canyons
Never touched by human contact
Come on you winds of travel
Taking distances of pleasure
To the max, to the maximum
We've seen your hurricanes
Smash through your windows of disaster
How in Hell the demon's anger
Set our minds in total disarray
The wind does not discriminate
It touches everyone alive
The peasant working on his knees
The billionaire with his disease
It will sail the Seven Oceans
It will sail the Future Mountains
It believes
It is sacred
Come on you wings of fire
Redefining all your life
Come on your clouds of heaven spent
Sent to show the Hand of God
You see it in the afternoon
Before the Sun to set
We see it in the Blessed Morn
We know it's Heaven sent
Feel the winds of China
Feel the winds of Tibet
Feel the winds of Timbuktu
Feel the winds of Peru,
Lxtapa, Maui, Fiji
