And when I wake up to the days
I see the sunlight like I see it for my manyest of days
But in my heart it's not the same
'Cause when I turn to look for you I realize I'm alone
again
But let me put this point of view
I can be lost and lonely too
No more afraid to say to myself
I miss you, I miss you

So if these days are the sanctuary
To help me understand myself a little more
I've learned one thing that surprises me
To be alone, is not alone

Who lights the way when all around
The clouds are darkening my skies

Who knows if I can contain the power
Say just what you might
Say just what you need
I feel better knowing, it's not for nothing

Looking for your help, looking for your trust
And the arms of love
The arms of love
The arms of love
The arms of love
And when I wake up to the days
I see the sunlight like I see it for my manyest of days

But in my heart it's not the same
\'Cause when I turn to look for you I realize I'm alone
again
But let me put this point of view
I can be lost and lonely too
No more afraid to say to myself
I miss you, I miss you

So if these days are the sanctuary
To help me understand myself a little more
I've learned one thing that surprises me
To be alone, is not alone
As I thought it was before

For who lights up this very dawn I see-ac
