In the morning when you rise,
Do you open up your eyes, see what I see?
Do you see the same things ev'ry day?
Do you think of a way to start the day
Getting things in proportion?
Spread the news and help the world go 'round.
Have you heard of a time that will help us get it
together again?
Have you heard of the word that will stop us going
wrong?
Well, the time is near and the word you'll hear
When you get things in perspective.
Spread the news and help the word go round.

There's a time and the time is now and it's right for me,
It's right for me, and the time is now.
There's a word and the word is love and it's right for
me,
It's right for me, and the word is love.

Have you heard of a time that will help get it together
again?
Have you heard of the word that will stop us going
wrong?
Well, the time is near and the word you'll hear
When you get things in perspective.
Spread the news and help the word go round.

There's a time and the time is now and it's right for me,
It's right for me, and the time is now.
There's a word and the word is love and it's right for
me,
It's right for me, and the word is love.
There's a time and the time is now and it's right for me,
It's right for me, and the time is now.
There's a word and the word is love and it's right for
me,
It's right for me, and the word is love.
