I was just coastin' away
An' wasn't even thinkin' of anybody
You took my mind, sexy, no doubt
Envisionin', turnin' you out
An' then we caught eyes
Ain't no stoppin' now

Burn some candlelight incense
Taste of berry wine, just me an' you
And all I wanna do is get with you
One night, it could be so real
If you give me a chance, babe
I want to show you romance, lady

If you feel me
Cool relax an' let your mind lay back
An' lace your mind like a love affair
Cool relax an' let your mind lay back
An' let me know how you're feelin', girl

Now, you don't know what to say
You see that I seem
To be starin' at your body
An' just before you could speak out
I put one finger over your mouth
I don't mean to be jockin'
But baby, can I see you tonight?

Until the break of day
We can't leave until you say
"It's just me an' you"
All I wanna do is get with you
One night, it could be so real
If you just give me a chance, baby
I wanna show you romance, lady

If you feel me
Cool relax an' let your mind lay back
An' lace your mind like a love affair
Cool relax an' let your mind lay back
An' let me know how you're feelin'

Cool, just relax, baby
Cool, just relax, baby
Cool, just relax, baby
Cool, just relax, baby

If you feel me, relax, lay back
If you feel me, relax, lay back
If you feel me, relax, lay back
If you feel me, relax, lay back

If you feel me, relax, lay back
If you feel me, relax, lay back
If you feel me, relax, lay back
