### "In Too Deep"

Are you ready for love

Ohh girl

I don't know what you been through  
Can't imagine the pain boo  
Whatever it is  
It's all over now  
Was it waves crashin' over  
Like the sand on a shore  
I got so close to someone  
Just like you but I had to let them go  
Cause your heart is way to precious  
One would still look a treasure  
Getting you places  
Where your mind only find who's close  
Now we're both getting older  
As our lives start to show us  
Playing around with our love just might do  
Cause you know I'm waiting

Cause lately  
I've been gettin' too deep girl  
I can't get no sleep 'til  
I get closer  
To you, hey girl

Hey girl  
My love is talkin' to you  
You can come and see me  
My love is too deep

I don't know what you been through  
But I know that we sinkin'  
Can you feel the water  
I imagine the bath 'bout to over flow

When your mind starts to wonder  
I'm a take it a little further  
Where you think I might not likely go

But you know

It's on tonight (it's on tonight)  
You just relax yourself (You just relax yourself girl)  
It's on tonight (it's on tonight)  
You just relax alone (You just relax alone)

Cause lately  
I've been gettin' too deep girl  
I can't get no sleep 'til  
I get closer to you, (closer to you baby)

Hey girl  
My love is talkin' to you (it's talkin...)  
You can come and see me  
My love is too deep(too deep)

We can go all night long  
All night long  
I just wanna chill  
Wantin' you come home (wantin you come on)  
Baby I just wanna see  
If you been feelin as lonely as me

All dreams comes true  
All I got is people  
All I need is you (all I need is you)  
Ooh we will have a good time  
This is for all the times you cried

Cause lately  
I've been gettin' too deep girl  
I can't get no sleep 'til  
I get closer to you, (do you feel me, do you feel me feel  
you)

Hey girl  
My love is talkin' to you (your love is talkin to me)  
You can come and see me  
My love is too deep (love's too deep)

Goes all night  
All night long  
I just wanna chill  
Wantin' you to come home (wantin you come home)  
Baby I just wanna see  
If you been feelin as lonely as me

All dreams comes true  
All I got is people  
All I need is you (all I need is you)

Ooh we will have a good time (we gonna have a good time)

This is for all the times you cried

All the times you cried girl

I am gonna make it up tonight girl yea

Yea, ooh yea

All the times you cried girl

I'm gonna make it up tonight girl
