It's been 7 years since I've known you girl
Lovin' you's been my whole wide world
That still hasn't changed for me

There's sunshine when you come around
You're gone away, it just brings me down
What do I do baby?

Girl, you take me high
Girl, you are my sunshine

Now I'm with you, need only say it once
And girl I'll be right there for you
'Cause I wanna make you happy

Now I'm with you, we've been through everything
Now anything I'll give to you
'Cause I wanna make you happy, girl

There's no me if there's no you
We can live, baby, two
That's what's in my dreams for me, yeah

You think I'm playing when I'm saying let's not delay
When it comes to having children
I want my seeds with you, baby
All I wanna be with you, baby
Is high in the sky, girl, let's make it forever, baby

Now I'm with you, need only say it once
And girl I'll be right there for you
'Cause I wanna make you happy

Now I'm with you, we've been through everything
Now anything I'll give to you
'Cause I wanna make you happy, girl

Now I'm with you, need only say it once
And girl I'll be right there for you
'Cause I wanna make you happy

Now I'm with you, we've been through everything

Now anything I'll give to you
I wanna make you happy, girl

Girl, you take me high
Gonna give you my life
You and me, it's so right
Girl, you are my sunshine

Now I'm with you, need only say it once
And girl I'll be right there for you
'Cause I wanna make you happy

Now I'm with you, we've been through everything
Now anything I'll give to you
'Cause I wanna make you happy, girl

Now I'm with you, need only say it once
And girl I'll be right there for you
'Cause I wanna make you happy

Now I'm with you, we've been through everything
Now anything I'll give to you
'Cause I wanna make you happy, girl

There's nothing that I'd rather do
