"On And On"

[Verse 1:]

Baby step into my office
I ain't got no clients
Don't need an appointment
Baby I take walk-ins yea
I find it hard to keep control (around you)
If you need to fix it
I got the prescription
Just take two of these and
Tell me how you feeling
In the morning

[Hook 1:]

Cause your body telling me
That you want it now
So I'm a give it to you right now
Baby you ain't gotta trip
Cause I'm a handle it
Like a licenses professional
Cause I never thought love (never thought that love
would ever feel this good)
Girl we just had to take it there take it there (all they
way to the top if you no what I mean)
Baby I'm going set the mood
Put on some old school jams for you

[Chorus:]

Girl I can go
On and on
On and on with you
I wanna go
On and on
On and on
On and on with you
I wanna go
On and on
On and on with you

[Verse 2:]

Ooo taking your clothes of

Have your booty naked
I can see them places
That I wanna kiss you
All over and over and over again
Once I let you have it
You gon be an addict
You gon keep on coming back (coming back for more)
I always give you more (always give you more)

[Hook 2:]

Cause your body telling me
That you want it now
So I'm a give it to you right now
Baby you ain't gotta trip
Cause I'm a handle it
Just like I'm suppose to do
Cause I never thought (never thought that love would
feel this good)
Girl we just had to take it there take it there (all they
way to the top if you no what I mean)
Baby I'm going set the mood
Put on some old school jams for you

[Chorus:]

Girl I can go
On and on
On and on with you
I wanna go
On and on
On and on
On and on with you
I wanna go
On and on
On and on with you

Baby you like it you like it
And we ain't never did it quite like this

Never thought that love would ever feel this good
Girl we just had to take it there take it there (I just had
