"5...4...3...2...1...0"

explosion

[Inspectah Deck]

Yea, this is the poisonous, venomous

Killa bee, queen bee connection

Live and direct

Shaolin, BK, QB, Boogie Down, wherever you found

Yo, yo, Deadly Venom is how we end em

Mast avenge em, no friend of him

bend em in half for enterin

My comrodery move like tight security

Known to tear the club up plus the after party

On the battle field catch a body

With no fair warnin, my queen bee connect swarm on
em

Primate, hold your mic straight before you challenge
me

Your light weight and only force me to cause casualty

Battery packs catch match mines with the solar
powered

they get over powered

shower with rhymes just like white lines of powder

Feel the realness from bein solo with this crowd here

[Finesse of Deadly Venoms]

Yo, yo, yo, we takin no shorts for sure

Comin through, smash you mother fuckers to floor

Whoever wanted war, yo, bring it

If you got the sword, I'ma swing it

Slither back to the pit when my phone started ringin

Yo, Come here, what's up, niggaz rock to get stuck

Niggaz runnin through the chamber we aint givin a fuck

Cuz I'm deadly, I'ma set the pace like a medly

Relay, who could match the venom on the replay

[J-Boo of Deadly Venoms]

Aiyyo, the bitch nice and catch crack like dice

Give em a double order of man slaughter on the tape
recorder

Fuck the law and order, tape muffled and distorted
All you heard was murderous shots, the rest was pre-
recorded
The jury voted, I'm a free venom, hittin niggaz with the
momentum
Even villains wanna get up in em
The feelin's devious from the breathious
The way we leavin this is sure to make snakes hiss

[Method Man]

It be I, the most high, fly robin fly
Keep a close eye on Johnny 5, I'll be comin live
>From New York, it's saturday night
So it's only right, I step to the phony types
See em at the party actin hard, but the hardly a threat
to the vet
Once you start me, no stoppin, no pardon me
No coppin a plea, I beat you in the head, third degree
What's the science, the 411, can't do me none
Still ghetto, I rhyme ghetto, my brother's ghetto
Never say die and never settle
For anythin less than what the devil posess
I'm like MOP to the death
Now who is Johnny Blaze, Mr. Meth
Mother fuckers

[Chorus: Finesse of Deadly Venoms, (Cappadonna)]

Hittin fever, come with the raw
Deadly Venom meet the Wu, no more to come, now
what is left to do
(Ghetto collaborations, such a deadly combination
Face to face, Shakin your earth, rockin your nation)

[Champ MC of Deadly Venoms]

Yo, yo, yo, Sons of fishes rollin with a devious Clan
I got a master plan here to blast your man
Gettin lyrical, fightin your feelin deep in your mental
Like a pencil all in your brain, killin your spiritual
The original, fishin yall, rollin with a bunch of criminals
Street gunner, Venom strike like thunder
This some shit that'll stop your hunger
Ready for war, like me let you get a taste of the raw
Comin through with the Clan so you won't get far
Batters and scars, all respect due to the gods
And my queen killa bees just collectin that cheese
Overseas, gettin ready for the year 2G, DVs

(Poison Clan rocks the world)

[Cappadonna]

(The Pillage!!)

Yo, I'm a great commodity, for see me
The great unchained magnetic
Release mine, fuck yall, piece mine together
To the third power, hit yall like may flowers
Scandal, slash three felonies to be the one six vandal
>From Park Hill, Shaolin put the work in
Dusk do us dawn, Lebanon Don
Don't sleep on the adversary
Mental niggaz stalk yall out on the ferry
You got trapped in between pillars
And the venoms, cherry heads are minimum

[N-Tyce of Deadly Venoms]

Yo, yo, yo, projects of elimination
We jack some like Rhythm Nations
Got your hard speed like we drag racin
We lab replacin, but tried to avoid a confrontation
You kind of mixed up like Tiger Woods with that
combination
I ain't called no names, here's a hint
Niggaz with no names, antique things, gold chains
Do admire the visual, 'bout the coolest cat in Carolina
Individual, everythin digital, like Bobby
I'm lovin all them kung-fu flicks, poison em lively
I'm quickly on the run through clicks, but fast in a hurry
We I smash, leave your vision blurry
Tryin to make the bill like Murray

[Chorus]

[J-Boo of Deadly Venoms]

Yo, on the french kiss, sour than blood, hotter than piss
You ventriliquist talkin out your ass like this
Cuz I insist that you don't wanna show the tape of the
hits
I told yall, I crush yall on the tape like Quake
You tweaky trick, wanna violate, great, Wu and Venom
annihilate
Don't hesitate to push the rhymes like weight
You Shake, Jake thing

[Street Life]

Yo, PLO, when the guns blow, you'se a no show, homo
Holdin like a scarecrow with no dough
Street pro's move through the metro
Rapidly my faculty quick to blow the boost out your
battery
My african queen bees is backin me, shuttin down your
salary
J-Boo twist another Daquiri, fifty steamboat float
Flow on this scenario, hydro thoughts lick off like a

callico

[Finesse of Deadly Venoms]

Let's get it on, mic's get blown when you step into my zone

Heads get flown for tryin to clone

I take that, lie you on your back like you wanna go on

For one, there's no part, hold on, like float on

I keep it tight, rip all sides to a square

You ain't seen no thugs like these no where

I swear, you wanna test me, who can it be

Rollin with the Fam, Wu-Tang, DVs

[GZA]

Yo, I dead MC's with this poisonous venom

Return and send em, wack niggaz is in em

The secretly analyzed, this shit is live

I see the allies tryin to stalk the bee hive

Forgot the deadly stingin was major bell ringin

Too strong for niggaz with eyes closed and slingin

Make your point, spot your target and zoom in

Before its too late, saw the snake through his hand shake

Aimin your darts at a click you can't handle

Attack with the paint stones and travel on camel

A warm sigh as you cross the barrier

But my storm side, will destroy ya area

[Chorus x2]

(Poison Clan rocks the world

Poison Clan rocks the world)
