Haha, Jon B, bring it on now
Let them feel were your coming from
Let them feel were your coming from
Only the ladies, only the ladies

Girl it's alright, baby
(Are u still down for me now?)
'Cause it's there in your eyes, yeah
(Are u still down for me?)

I can see that you want me
(Are u still down for me now?)
By the way that you smile
(Yeah, are u still down for me?)

Left once again at home
Another night on your own
Ain't no fun in lovin' if you're lovin' alone
How does it feel to be useless, oh no, tell me

Can you recall how close we used to be then
Can you still remember those feelings again
Seems like everytime I see you
There's a tear in your eye
(What you cryin' for?)
Time to make some decisions or go dyin' inside

Tell 'em all call me a fool
But I'm stuck in this love thing
Plus I'm over heatin' from the rush
Our tongues touch

Kissin' fellin' fireworks, watch the sky
I'll make you smile
But you'd rather have what makes you cry

Say goodbye and I'll leave now
With my heart on my sleeve, memories now
What I found is you still care you had feelings
And they're still there, baby
Girl, keep it real here are u still down?

Girl it's alright, baby
(It's alright)
'Cause it's there in your eyes, yeah
(It's in your eyes, I can see it in your eyes)

I can see that you want me
(Don't cha want me? don't cha want me?)
By the way that you smile
(Haha)
Are u still down for me?

Remember that evening
(Baby, are u still down?)
I knew that you were too scared
To go all the way

But you did it to please me
You were crying it was raining
When you gave it to me

The more I see you
The more that I feel inside
And I know one day
You'll make it back to where you can fly
(Watch time go)

Don't cry
(Watcha cryin' for?)
Tomorrow brings better days
Let me dry your eyes
Take your burden away

Only once in a lifetime touch my soul
Go slow, baby, boo, don't rush the flow
Got me all weak, baby but I'm strong in parts
More bounce to the ounce with the longest sparks

Gettin' mine like fine wine, measured in time
Many other brothers loved you but the pleasure was
mine
Mama told me how to love a woman properly sprung
We committed so I hit it and it's properly done
Are u still down?

Girl it's alright, baby
(Are u still down for me now?)
'Cause it's there in your eyes yeah
(It's in your eyes, I can see it in your eyes)

I can see that you want me
(Don't cha want me? Don't cha want me?)

By the way that you smile
(Come on, come on)
(Tell me)
Are u still down for me?

Yeah, girl it's alright, baby
(Yeah, are u still down for me now?)
'Cause it's there in your eyes, yeah
(It's in your eyes, I can see it in your eyes)

I can see that you want me
(She want you Jon, she want you)
By the way you smile
(Look at she smile at cha look)

Baby are u still down, are you down for me?
Baby are u still down, still down for me?
Baby are u still down, still down for me?
Baby are u still down, still down for me?

Baby are u still down, still down for me?
Baby are u still down, still down for me?
Baby are u still down, still down for me?
Baby are u still down, still down for me?

Baby are u still down, still down for me?
Baby are u still down, still down for me?
Baby are u still down, still down for me?
Baby are u still down, still down for me?
